

# Central Sierra Caller School

## Kip Garvey, Instructor

### Finally - A Caller School Available Online

Learn to call online? Why not? There is a lot of study work involved with learning to call square dances. Guidance is the key. And online, you have guidance available any time you want, along with immediate access to your instructor. You can even have samples of your calling criticized privately, just between you and your instructor.

#### WHAT IS INCLUDED IN THE ONLINE SCHOOL?

1. **Lessons** at a nominal cost.
2. **Videos** designed to supplement each lesson.
3. **Resources** that further explain basic principles.

#### WHY LEARN ONLINE?

1. **Learn at your own pace.** Purchase lessons as you go, when you are ready.
2. **Consistency.** Learning from many different instructors can be good, but new callers really need consistent instruction to develop their skills quickly and accurately.
3. **Ongoing communication with your instructor.** Kip will follow your progress every step of the way.

**NO COMMITMENT.** Visit [www.kipgarvey.com](http://www.kipgarvey.com) and follow the links to Kip's Caller School. You can view a list of the lessons and resource materials and decide for yourself if this approach suits your needs. No obligation until you register for the school.

**CENTRAL SIERRA CALLER SCHOOL** is much less expensive than attending a school at a distant location, taking time off work or burning vacation days, plus the cost of room and board while away from home.

### Square Dancing Needs You!

We desperately need more well-trained callers. Do you have the 'right stuff'? Can you help grow our favorite activity? **Call Kip today for more information!**

*Kip Garvey is a world-class square dance caller and recording artist, with a lifetime of calling experience. He was an early-on member and Executive Director of CALLERLAB. He worked with Bill Davis in development of much of the current day technical theory regarding choreographic structure and sight-calling technique. An original CALLERLAB-certified Caller Coach (and former high-school teacher), Kip is an enthusiastic and effective instructor. He has authored several magazine articles and technical documents, including a recently completed book on the technical aspects of square dance choreography, 'Nuts And Bolts', and another recently completed book for newer callers, 'Call Me Crazy'.*
